

Moral Development

At Willows Academy we offer a diverse range of experiences to develop our children's ability to recognise the difference between right and wrong, readily apply this understanding in their own lives and, in so doing, respect the civil and criminal law of England. We ensure that our children have a clear understanding of the consequences of their behaviour and actions. Later, through curriculum delivery, we strive to provide opportunities for children to foster an interest in investigating and offering reasoned views about moral and ethical issues, and being able to understand and appreciate the viewpoints of others on these issues.

These experiences included:

- Circle time
